Col Vineet Jaiswal is an experienced Indian Army officer with 23 years of service, and a career filled challenging roles on the Indo-Pak, Indo-China, and Indo-Myanmar borders. He has also served in UN peacekeeping and counter-insurgency roles. In his last appointment, Col Jaiswal was responsible for automation and network-centric operations in the Indian Army, contributing to three different projects at pan-India level. He is now seeking a transition to the corporate world, bringing leadership, project planning, execution, management and tech skills to the table, and seeking roles in operations, supply chain, technology, project management and consultancy.

PROFESSIONAL EXPERIENCE

- Col Vineet Jaiswal is an experienced Indian Army officer who has served the nation for 23 years. Col Jaiswal has a strong background in infantry and has spent more than half of his career posted in challenging roles serving the Indian borders and also as part of the UN peacekeeping force in South Sudan. He commanded a fighting unit in counter-insurgency role in the North East of India across three different states.
- Apart from his field experience, Col Jaiswal has had exposure in staff appointments as well as instructional tenures. In his last appointment he was posted in Delhi, where he was responsible for automation and network-centric operations in the Indian Army. Col Jaiswal has contributed towards three different automation projects of the defence forces, including a greenfield venture, where he is responsible for planning and executing the project in the network-centric domain.
- After dedicating close to two and a half decades of his life to the army, Col Jaiswal is now looking forward to transitioning into the corporate world. He is actively honing his soft skills and pursuing an executive MBA program from SP Jain Institute of Management and Research, Mumbai. Col Jaiswal brings with him 23 years of experience in leadership, team building, operations, project planning, execution, and management. He is a tech-savvy professional with first-hand exposure in planning and executing pan-India automation projects and digital transformation.
- Col Jaiswal is keen to work with industry leaders in the operations and supply chain roles in technology, project implementation and consultation fields and believes that he can contribute immensely with his experience. He is open to learning new skills and is looking forward to a fulfilling second career. Overall, Col Jaiswal is a highly experienced and skilled individual with a strong track record of leadership and project management.
