vineet1501@gmail.com

Col Vineet Jaiswal is an experienced Indian Army officer with 23 years of service, and a career filled challenging roles on the Indo-Pak, Indo-China, and Indo-Myanmar borders. He has also served in UN peacekeeping and counter-insurgency roles. In his last appointment, Col Jaiswal was responsible for automation and network-centric operations in the Indian Army, contributing to three different projects at pan-India level. He is now seeking a transition to the corporate world, bringing leadership, project planning, execution, management and tech skills to the table, and seeking roles in operations, supply chain, technology, project management and consultancy.

PROFILE

- My profile showcases a 23-year career in the Indian Army, during which I undertook challenging roles on the Indian borders, UN peacekeeping missions, and counter-insurgency operations while also serving in the prestigious Rashtrapati Bhawan and the Integrated Headquarters of the Ministry of Defence. In my most recent position, I was tasked with implementing automation, sustainable digital practices, and network-centric operations in the Indian Army. I am now looking to transition into the corporate world, leveraging my leadership, project management, and technical skills to take on leadership roles in operations, supply chain, sustainable digital practices, technology, project management, and consultancy.

PROJECT CONSULTANCY & PROJECT MANAGEMENT

- A strategist & an implementer with expertise in managing multiple project delivery frameworks & new systems implementation for change management-related activities within the specified time & cost parameters. Showcasing excellence in managing end-to-end delivery/ program/ project planning & implementation from scope management to activity sequencing, effort and cost estimation, pre-sales activities, risk analysis to quality management in line with the guidelines and norms. A project planner with expertise in planning, executing and spearheading various projects involving contract administration, compliance & quality assurance.

OPERATIONS & SUPPLY CHAIN MANAGEMENT

- Provided consulting services and executed projects related to digitisation, automation, and sustainable digital practices aimed at the digital transformation of the Indian Army in a network-centric environment. Skilled in determining a business unit's mission & strategic direction, expertise to formulate and implement tactical initiatives, as well as strategic advice to partners for achieving organisational goals. Furthermore, planned, executed, and spearheaded various projects across the supply chain, warehousing, distribution and logistics operations achieved project milestones while ensuring that projects complied with cost & scope specifications. Extensive experience in spearheading the implementation of supply chain strategies,
