KEY SKILLS

- Project Management
- Operations Management
- Infosec Management/Cybersecurity
- HR Management

A seasoned Project Management Professional and Certified Scrum Master with 14 years of specialist work experience in implementation of strategic IT projects and driving IT transformations that helped organization reach next level of efficiency and productivity. Proven record of managing communication networks, optimum resource utilisation, vendor management and operational risk management for strategic projects. A critical thinker with an innate ability to adapt to any domain and deliver outstanding results. Aspiring to leverage my core military values in the corporate world.

INFOSEC MANAGER & NETWORK ADMINISTRATOR

- Supervised, monitored, and managed a wide variety of Network systems that include communication circuits and LAN/WAN systems to ensure availability, integrity and confidentiality.
- Ensured compliance with IT security policies by conducting Cyber security audits to keep a check on IT security breaches in IAF. Achieved notable success in directing a broad range of IAF IT initiatives, while participating in yearly planning, analysis & implementation of solutions in support of various operational exercises.
- Managed end-to-end operations for financial budgeting and inventory management of all kinds of networking and information devices. Lead the IT-related procurement & managed the supply chain of IT, networking and communication infrastructure at multiple IAF bases (worth INR 10 crores annually).
- Efficiently managed the serviceability for more than 5000 network devices in operation at multiple IAF bases, by liaising & co-ordinating with various public & private sector vendor partners.
- Displayed leadership in deploying strategies, standard operating procedures (SOPs), functional policies, and control mechanisms to improve efficiency, thus decreasing downtime and achieving cost-effective operations.

TECHNICAL PROJECT MANAGER

- Effectively co-ordinated and ensured vendor compliance for IAF's dedicated 3G cellular communication project by collaborating with M/s Alcatel Lucent and M/s HCL.
- Supervised the operationalisation of Tri-Services Fibre communication project i.e., Network for Spectrum (NFS) and Defence Communication Network (DCN) by collaborating with BSNL and L&T.
- Coordinated implementation of an e-maintenance solution for computer aided maintenance management (e-MMS) for IAF's operations equipment at 03 premier IAF bases.
- Incorporated the Base Weapon Control Centres of multiple IAF airbases with Integrated Air Command and Control System

- Powerful verbal, written and interpersonal communication skills

(IACCS) through an IP based wide area network for automated control of air operations.

- Effectively implemented and ensured compliance for IAF pan INDIA paperless e-Office project by migrating and converting all hard -files into cloud computing

PEOPLE MANAGER

- As Commanding Officer of a forward base in North Eastern region managed end-to-end operations of 150+ military personnel, comprising of people from varied cultural backgrounds and skill sets, evaluated their performance, ensured rewards and recognitions, motivated and trained the teams as necessary amidst operational requirements with due diligence to welfare and grievance redressal.
- Reorganised the department into a lean structure & created effective domain-specific teams for optimum utilisation of manpower and resources.
- Proven capability in mentoring and training teams in setting inspirational goals: defined KPIs & metrics and ensured achievement of the goals set by senior leadership. Monitored progress through regular feedback and counselling system.
- Ensured management of the entrusted public funds with due diligence and supervised welfare ventures.
