ACHIEVEMENT

- Chief of Air Staff Commendation for professional excellence in Weapons Procurement & Management
- Air Officer Commanding-in-Chief Commendation for exemplary Aircraft Inventory Management in VUCA region

Strategic planner & influential people leader offering 25+ years of leadership in the Indian Air Force, spearheading Supply Chain, Logistics, Loss Prevention, Human Resource, Administration & Security Management in varied VUCA environments, proficient in handling stress without compromising on quality output and fostering productive communication between stakeholders.

JOINT DIRECTOR OPERATIONAL LOGISTICS

- Reconcile military & national logistics, reduce overhead costs to 10% by refining multimodal connectivity and introducing policy reforms via National Logistics Policy & PM Gati Shakti National Master Plan. Operationalise international reciprocal logistics support contracts/agreements with friendly foreign nations and control transactions across the globe releasing savings worth INR 40+ Mn. Align rescue/relief operations across India to save 3K+ lives & 45 MT of relief in 12 major operations; applauded by Prime Minister for management of Deogarh Cable Ropeway accident saving 100+ lives.

CHIEF PROVISIONING OFFICER

- Played vital role as Chief Provisioning Officer, headed logistics department and executed supply chain of 3500+ types of aircraft spares worth INR 1200+ Mn fulfilling requirements for the entire IAF. Masterminded induction of 3 new western origin fleet & augmented high priority user demands by 80%, headed provisioning of 3500+ lines of aircraft spares for 8 advance fleets and catered to operational requirements of Indian Air Force; appreciated by Leadership. Piloted INR 80+ Mn worth supply chain during lockdown while establishing 2 Covid hospitals & isolation centres, institutionalised protocols to minimise spread in a major Depot in Central India with 5K+ members to safeguard uninterrupted supply chain to active operational units.

JOINT DIRECTOR WEAPONS PROCUREMENT

- Propelled procurement of weapons & armament from foreign & indigenous sources and monitored subsequent nationwide distribution supporting IAF. Under AatmaNirbhar Bharat initiative, procured INR 300+ Mn worth weapon fixtures from indigenous vendors and formalized and executed armament contracts worth INR 40+ Bn within a short span of 5 years. Augmented annual production targets for ordnance factories by 10% and increased indigenous vendor base by 20 % in close liaison with Armament Research & Development Establishment (ARDE). Governed inventory & transportation for Air Force units in Eastern region, reduced inventory holding by 12% and stocking time by 15% by introducing VMI (Vendor Managed Inventory) for MT Spares.

SENIOR LOGISTICS OFFICER

- Commanded gamut of logistics & supply chain deliverables for 5 different locations over a cumulative period of 16 years and

inspired cross-functional teams of 400+ personnel. • Directed appropriate stocking for 15+ aircraft with vital inventory of 8+ Mn spares, including receipt, warehousing, inventory, transportation and labour management. • Conceptualized stocking & transportation plan for sensitive Eastern Region, reduced costs by ~10%, helmed 98% road worthiness and saved INR 2 Mn by transforming transportation model.
